FIRE PARTIALLY CONSUMES THREE BUILDINGS HERE

On Thursday night of last week, about 9 o'clock, fire was discovered in the rear room of James Chapman's restaurant and grocery store, two doors from the postoffice. The flames were making strong headway when discovered. The alarm soon brought a crowd together and the fire hose was quickly brought to the scene and put to work. But before this could be done the flames had extended to the two adjoining buildings and all were in a fair way to be consumed before the fire apparatus could get into action. The Old Fellows building, occupied on the first floor by the postoffice, also was in great danger. Two streams of water soon checked the fire, however, and when extinguished it was found that the three one-story frame buildings were considerably damaged. The rear of the center building, where the fire started, was burned off and the interior of the main room badly damaged. The rear of the other buildings suffered considerably and part of the roofs consumed. The fronts and sides of the three buildings do not show much damage. They belong to F. H. Yates. He has repaired the roofs and will restore the other damaged parts as soon as material arrives. No insurance was carried because of the high rate.

Postmaster Robert Dixon moved all mail and most of the furniture from the postoffice during the fire, and the job of moving back and getting into working order again occupied most of the day Friday.

C. N. Skaggs had opened a grocery store next door only a few days before. The stock was saved and he has moved into Mr. Yates' building on Main street, recently vacated by C. H. Bromley.

The corner building was occupied by Payne's restaurant.

40th Anniversary of Missionary Society to be Celebrated Friday Night

Attention is called to the announcement in the church column in regard to a birthday celebration to take place Friday evening of this week at the M. E. Church South. 40 years ago the Woman's Missionary Society was organized at Louisa. Its record is one of the best in the Western Virginia Conference. An invitation is extended to everybody to attend this celebration. Refreshments served free to all. The hours are from 6 to 9 o'clock.

Fish for Levisa Fork and Blaine Creek

The Hon. E. E. Shannon, of Louisa, Kentucky, representative of Lawrence and Elliott counties, has today called at this department and made application for his supply of fish for stocking purposes for Big Blaine Creek and Levisa Fork of Big Sandy River. Fish will be sent on the first trip of fish cut through that section of the state.

C. J. McNEEDITH, Supt. of Wardens.

DIPLOMA EXAMINATION.

The examination for common school diplomas will be held in Louisa Friday and Saturday, January 30 and 31st.

J. H. ECKHART, County Supt. of Schools.

Huntington Class.

Action was taken this week by members of the Sunday School class of Col. Z. T. Vinson at the Central Christian Church whereby two young men who desire to enter the ministry will be educated at Bethany College. The class, which is made up of men, will pay all expenses of the young men. Efforts are now being made to locate two men who want to enter the ministry.

Big Sandy River is quite high and still rising.

OIL DEVELOPMENT

New wells just drilled in near Louisa are as follows:

F. H. Yates' well No. 4 on the C. M. Waller lease is good for five barrels or more.

A. L. Moore has another well that promises to be as good as any in that locality.

Oil in Floyd County. Midas Oil & Gas company has just drilled in a 10-barrel well on its property at Wayland, Ky. The well has sufficient gas to flow the production, it was announced. The oil is of Pennsylvania grade.

This well is just ahead of two others drilled by the company which are gas producers and has every indication of being an edge well and promises to open up what is thought to be a great oil field. Another location has been made.

A three-quarter million foot gas well was brought in a few days ago at Maytown, Ky., and will be drilled to the lower formation.

The Midas company has a large number of stockholders in Huntington and its home offices are located there.

Win. Envolson is now the office man for the Ohio Fuel Oil Company at Louisa. The family has rooms in M. M. Envolson's residence.

RUNYON-SIMPSON.

The Williamson News says: Miss Octavia Runyon, of Myrtle, W. Va., and Mr. Alex Simpson, of Ashland, Ky., were married at Louisa, Ky., on Tuesday of this week.

The bride is a daughter of Mr. Jacob Runyon Sr., of Myrtle, W. Va., a well known citizen of this county. Miss Runyon was for several years one of Mingo county's prominent teachers, but after obtaining a business education at Berea College, was employed by the Manley Piano Co. of this city.

The groom is the eldest son of the late Frederick U. Simpson. An assessor he filled many responsible positions. For the past 19 years he has been a traveling salesman, and is now employed by a wholesale house in Baltimore.

This wedding was twice planned, but owing to the bride's illness, was deferred.

GOES TO VAN LEAR.

Miss Maude Smith left Saturday for Van Lear where she has accepted a position as teacher in the schools. She resigned as teacher at Mt. Pleasant to accept this place. She is one of Lawrence county's first class teachers and has been very successful in school work.

Prof. Dock Jordan, of this place, is at the head of the Van Lear schools.

ROBERT MAUGER DIES OF PNEUMONIA

Robert Mauger died in Pittsburg Wednesday night of pneumonia. His condition had been almost hopeless for several days and Louisa relatives were kept advised until the end came. His son George was with him.

Funeral arrangements had not been announced at the time we went to press.

Mr. Mauger was about 45 years old. His first wife was Miss Vessie, daughter of Mr. and Mrs. R. C. McClure, of Louisa. She died when George was about a year old and he has since lived here. He is now 17 years old. Last fall he went to Pittsburg to attend school, and was living with his father.

Mr. Mauger was a good man and his early death is a heavy blow to family and friends. He was a native of Washington City, where his mother still lives. The mother, wife and son are the closest surviving relatives.

To Test Validity of Prohibition Amendment

Washington.—The Supreme Court has decided to pass on the validity of both the federal prohibition amendment and the act of congress prescribing the manner of its enforcement.

The court's decision will be rendered on proceedings which are to be instituted by the state of Rhode Island, which was given permission to bring an original suit. Solicitor-General King for the government, announced that he would immediately prepare and file a motion asking for dismissal of the Rhode Island case on the ground that the court lacked jurisdiction.

All signs advertising intoxicating beverages must disappear from public view, according to an edict issued by James Shelvin, supervising federal prohibition agent for New York city, Rhode Island and Connecticut. All whiskey, gin and wine and other signs must be either pulled down, hidden from the public view or be painted out, he said.

Mr. Shelvin said that if any saloons display liquor signs and the proprietors are making no effort to tear them down the arrest of the saloon men will be ordered.

CIRCUIT COURT WILL CONVENE HERE FEB. 9

The Lawrence Circuit Court will convene here the second Monday in February instead of the first. A lawyer gave us the wrong date last week.

BOARD OF TRADE MEETING.

The Board of Trade had an interesting meeting at the city hall Monday night.

Hon. T. S. Seanton of Huntington, was present by invitation and made a very interesting and encouraging speech. Having served for years as secretary of Huntington's first Board of Trade he is competent to speak to a new organization of this kind.

There were talks by local parties and some matters that need attention were discussed.

MARRIAGE LICENSE.

David O. Johnson, 23, to Mattie Preston, 20, of Georges creek. Charley Blaine Boggs, 33, to Cassaba Church, 22, of Sacred Wind and Blaine.

PRODUCTION LIMIT OF OIL PREDICTED SOON BY EXPERTS

The following is from an article in the Cincinnati Enquirer, and will be read with interest here because of the development of Lawrence county's Berea field, which will be producing when most of the other deposits are through.

Experts in the employ of the Government declare that unless there is increased production in the American oil fields we shall reach within a few years the limit of our oil production.

A similar statement was made at least two years ago by Dr. E. G. Acheson. He had given profound study to the question, and felt justified in predicting that oil production would be exhausted in 16 years, unless great increases in production developed, or unless there be great conservation in the manufacture of oil products.

Now leaders in the oil industry admit the truth of these predictions. The Standard Oil Company of New Jersey has asserted through one publication that "we know that the domestic output of oil does not meet present consumption, and that the amount of this deficit will probably continue to increase."

"Therefore, a diminishing output with increasing consumption will make the United States dependent upon foreign fields."

"If the development of foreign oil fields were carried on properly then there would be probably enough secured to meet the world's demand for the next 10 years." After this assertion comes the ominous statement, "Prediction beyond the ten-year period is not safe for too many uncertainties are involved. In order to meet the world's needs, oil from the United States will continue to occupy a less and less dominant position because within the next five years the oil fields of this country will reach their maximum production, and from that time on we will face an ever-decreasing decline." No admission of that kind has come heretofore from any of the leaders in the American oil industry.

Futile Shots Fired at Two Men Thought to Be Kirk Brothers

The Ashland Independent says: According to reports received at police headquarters in this city Saturday the two Kirk boys, Isaac and Hebe, wanted in Johnson county for the killing of Deputy Sheriff Wells and Detective Harmon in Johnson county, narrowly escaped arrest in Catlettsburg on Friday night.

Policeman Mills, it is stated, received word that the Kirks were on the streets in Hampton City, a suburb of Catlettsburg and had been seen by several persons who are well acquainted with them.

Mills in company with Fire Chief Knead, went to Hampton City. The two men were still there and when the officers approached they walked rapidly away, turning a corner.

Mills and Knead ran to the corner and upon turning it saw the two men running rapidly away. The patrolman and fire chief emptied their revolvers at the fleeing men but they disappeared in a cemetery.

Persons who knew the Kirks were positive that these were the two men but it is doubted, as it is thought they would hardly venture that far away from their native hills. It is also known that the Kirk boys are armed and although they might run to avoid capture they would almost certainly shoot in return.

LAWRENCE CO. MAN KILLED IN PIKE CO. MINE

James Childers, of Meads Branch, this county, was killed at Orinco, Pike-co., where he was employed, in coal mining. Two cars collided and he caught him, causing almost instant death. The accident occurred on the 15th. He was 18 years old.

The body was brought home for burial. The services were conducted by Rev. Gilbert Miller.

He is survived by father, mother, one brother and four sisters. One of the latter's Mrs. Nowel Ferguson, of Louisa.

Farm Bureau Meeting Has Been Postponed

The meeting of the Lawrence County Farm Bureau announced for January 21st has been postponed until February 14th, 1920. At this time we will hold our mass meeting in Louisa for the purpose of perfecting our permanent organization, renting a headquarters and starting work.

Membership in the Bureau is growing daily, and all enterprising farmers are urged to take membership as early as possible so as to be able to participate in the initial program of the bureau at the meeting February 14th.

J. H. McCLURE, Secretary Lawrence County Farm Bureau.

DR. WELLMAN AT VAN LEAR.

Dr. Ira Wellman, after taking a post-graduate course in medicine and surgery in the Louisville Medical College last fall, stopped over in Frankfort, en route home, and went before the State Board of Health and took the examination for regular admittance to the practice of medicine and surgery in this State. A certificate was issued to him at the meeting of the board held in Lexington on Friday of last week.

Dr. Wellman is now at Van Lear, filling the place of Dr. J. C. Sparks, who is taking a post-graduate course at New Orleans in medicine and surgery.

Dr. Wellman will, in all probability, go to Ashland to locate, forming a partnership with Dr. Bartram.

VINCENT BELCHER HOME.

Mr. Vincent Belcher, son of Mr. and Mrs. G. H. Belcher, of Glenwood, returned home Sunday, the 18th, after an absence of two years.

Young Belcher was recently in the aviation corps and saw several months of service in France, during which time he was slightly wounded. He was previously reported killed in France. He is now connected with a large publishing company in the west. He returned to Cleveland Wednesday of this week accompanied by his sister, Miss Grace Belcher, who will spend a few weeks there.

J. C. SNYDER DIES VERY SUDDENLY

Mr. J. C. Snyder, of Ironton, died suddenly in Cincinnati last Friday morning. The sad news was a great surprise and severe shock to his two brothers, T. J. and Augustus Snyder, of Louisa. They knew his health had not been good for some time, but no intimation of a crisis in his condition had been received.

He died in Christ's hospital while taking an anaesthetic, preparatory to undergoing a severe examination. His son, Dr. Homer Snyder, was holding his hand and observing his pulse, when suddenly the pulse stopped. Every known means was used to resuscitate him, but without avail. Mrs. Snyder was in the hospital at the time.

The body was returned to Ironton and the funeral took place Monday. The Louisa relatives attended.

Mr. Snyder was 65 years old. He is survived by the wife and two sons. The only daughter died two years ago from influenza. One son is a physician in Ironton and the other a lawyer in Kansas City.

Mr. Snyder was a member of the Methodist church. He was prominent in business circles and had accumulated quite a large estate. He was a genial, big hearted man, possessing much energy and business ability. He had a great many friends. His death is regarded in Ironton as a real loss to the city and county, as he was a leader in matters of public enterprise.

Mr. Snyder was suffering from some complicated trouble and decided rather suddenly to go to Cincinnati for a thorough examination. He was going about as usual and attending to business up to the time of his departure for Cincinnati and no alarm was felt as to any immediate danger in his case.

NATIONAL THRIFT WEEK NOW ON

Do not forget that this is National Thrift Week throughout the United States. Let everybody get the spirit, like they had during the war, of joining in with all the good movements fostered by the United States government.

Begin to save systematically. Start a savings account. Have the children do the same.

Work and save now while the chance is here to get plenty of work at good wages. The situation will not always remain this way. There will be times of stress again. History repeats itself in these matters. Money saved now will be worth nearly double in string-tight times.

"Pay-up Day."

Saturday of this week is set apart throughout the nation as the day for everybody to pay their debts. Pull in, like good soldiers, and help to make it go. Pay your store bills, your newspaper bills, etc.

Let's go! Be loyal and be thrifty.

Officers Raid Stills in Mingo County, W. Va.

Another blow at the moonshine industry in the mountains of Southern West Virginia was struck this week by a party of state and federal officers in Mingo county. What the officers appear to regard as their most important raid was that on the home of Fred Cerklide, near Matowan. There, they say, they found two stills one ten and one twenty gallons, three hundred gallons of mash and thirty gallons of raisin wine. It is charged that Cerklide had been selling the raisin product. He was arrested and taken to jail at Williamsburg, where an indictment was returned against him by the Mingo county grand jury.

The officers also found a thirty gallon copper still thirty yards from the home of Andy Maynard near Blocton. No arrests were made in this connection.

Walter Trent was convicted of moonshining in Judge Damron's court and is now awaiting sentence.

CHURCH NEWS AND OTHER MATTERS OF RELIGIOUS NATURE

(All churches invited to contribute to this column.)

Union of Methodist Churches.

Louisville, Ky.—Recommendations of the joint commission of the Methodist Episcopal Churches, North and South, that the two branches be re-united, were unanimously adopted by the convention here of the 100 or more bishops, pastors and laymen of both churches. The merger plan provided that the unified churches be named "The Methodist Church."

This action will no doubt result in bringing the two largest branches of Methodism back together, as the details have been worked out to the satisfaction of the joint commission appointed for this purpose.

The plan can not finally be acted upon until 1922, as the general conference meet only every four years and the next meeting of this chief body of the M. E. Church South will be held in May, 1922.

The union will mean a great saving in men and church property and should bring good results in other respects also.

Your Church Paper.

The campaign is now on for subscriptions to the Methodist Advocate Herald, the official organ of the Western Virginia Conference, M. E. Church South. Those who want to renew their subscriptions or to subscribe can see Mrs. Mary Horton or Miss Stella Conley, who have been appointed to receive and send in subscriptions. It is desired that every member of the church be a reader of this paper.

Two Offer Life Service.

Columbus, January 20.—Miss Lucille Capelle and Miss Margaret Snyder, seniors at Ohio State University, are the first volunteers to enlist for life service in the nation-wide recruiting campaign, conducted by the Inter-Church World Movement. Miss Capelle has announced her intention of going to India, while Miss Snyder has not determined what country she will go to. Both are Methodists.

Building in Europe.

A great Methodist church, erected and maintained by the Methodist Episcopal Church, South, will be erected amid the ruins of Ypres, in Belgium. This was stated by Dr. W. B. Beauchamp, director-general of the Centenary Commission, who, with Bishop James Atkins, the bishop in charge of European mission fields, just returned from Belgium.

The city of Ypres, terribly devastated, will not be rebuilt in its entirety. The once magnificent Cloth Hall, the finest in the world, the Cathedral, the town hall, the churches, and other large ruins will be left as a perpetual memorial.

On these the city mayor has caused signs to be erected, reading: "This is holy ground. No stone of this fabric may be taken away. It is a heritage for all civilized peoples."

"Ypres will always be a mecca for travelers," said Dr. Beauchamp. "Thousands and millions will flock to that battlefield. Our Church will not only minister to the people of Ypres and the surrounding territory, but it will also serve these visitors."

The Methodists have also purchased a great building in Brussels, which will be their headquarters for Europe. It will contain offices, an auditorium, reading and lecture rooms, a publishing plant and social equipment. The Centenary Commission will specialize in caring for the children of Belgium, Serbia and other stricken countries of Europe, according to an announcement made by Dr. Beauchamp. For this purpose a large home, formerly a famous boys' school, has been purchased at Uccle, a suburb of Brussels. Several hundred children can be accommodated in this building, and the Methodists will assume entire responsibility for them and their future.

Another home has been bought at Belgrade, Serbia, and here the underfed orphans of the Southern Slavs will be given medical attention and cared for. A staff of women physicians, secured from Scotland, will be in charge of this home.

Still another orphanage has been taken over at Faversham, England. This home already contains more than a hundred Serbian children, orphaned refugees who were taken from their homes during the Austrian invasion.

Bishop Kilgo Dead.

Last Monday at Durham, N. C., Bishop J. C. Kilgo, long one of the prominent leaders in Southern Methodism and one of the best known ecclesiastics in the south, passed away. Bishop Kilgo was long president of Trinity College at Durham. He was elevated to the episcopacy about ten years ago. He had visited Huntington on several occasions and had presided a number of times over the annual session of the Western Virginia Conference.

Dr. Frank Crane Related to Big Sandy Families

(Ashland Independent)

It may prove of interest to our Big Sandy patrons to know that Dr. Frank Crane, whose great reputation as pulpit orator and writer of magazine and newspaper articles, which are currently read by a greater number of persons than have hitherto been reached by any writer, is descended from pioneer Big Sandy stock and related to many distinguished families of that fair valley.

The mother of Dr. Crane was Elizabeth Mayo, daughter of Jonathan Mayo, who was born in Floyd county in March, 1792, married Mary Morgan in 1816, and moved with his young bride to what was then the territory, now the state, of Illinois. In 1817, this young married couple being the second family of whites to settle in what is now Edgar county, therein the mother of Dr. Crane was born and married the Rev. J. L. Crane, a prominent Methodist minister, who, in the civil war, was chaplain of the regiment of volunteers raised and first commanded by Ulysses S. Grant. The friendship thus formed and existing between Chaplain and General led to the appointment of Rev. Crane as postmaster at Springfield, Illinois, the emoluments of his office enabling him to provide for the education of Dr. Crane and his not less able brother, Charles Crane, who attained great distinction as a able minister of the Methodist church, successfully occupying the greatest churches of the Methodist faith in Colorado Springs, Buffalo, N. Y., and at the time of his death was pastor of the great Methodist Tabernacle at Boston.

The wife of Jonathan Mayo was the sister of the wife of General Alexander Mackey, and so the aunt of Greenville Mackey, late of Louisa, Morgan Lackey, Elizabeth Martin, wife of Jno. P. Davidson, late of Prestonsburg. The mother of Dr. Crane was thus the cousin of these noble men and women, and Dr. Crane a cousin in remote degree of the descendants of these worthies, including among others such well known persons now living as Senator George H. Martin and sister, John M. Hopkins, Mrs. J. O. McDowell and Mrs. E. H. Hughes, influential citizens of Catlettsburg and Ashland and the influential family of Davidsons, in Floyd county.

A person who has heard and seen Dr. Crane from pulpit and platform, and acquainted with family traits and characteristics of those descended from the Morgan ancestry, says: "In person, rich vocabulary, form of dramatic expression, and the indescribable quality and power of matchless delivery of the spoken word, Dr. Crane is comparable to none other than Alexander L. Martin, a cousin and the father of Senator George H. Martin, favorable comparison with whose oratorical ability and power is complimentary to any orator of whatever degree or fame."

A PRETTY WEDDING.

Some time ago a pretty wedding occurred at the home of the bride's parents, Mr. and Mrs. Ed Preston, at Hincletta, when their daughter, Malia Preston, was united in marriage to David Johnson, of Georges Creek, both being well known and energetic people of Lawrence county. The bride is a nice and attractive housekeeper and will make for him a happy home. The groom is one among the foremost school teachers of this county, and has taught several schools and is a business school graduate. We feel that both will be happy together and useful in the world. A FRIEND.

FRENCH BRIDE OF WILLIAMSON MAN

Announcements in French have gone out of the marriage of Miss Marcelle Poutet, daughter of M. and Mme. Poutet, of Montferand, France, and Mr. L. C. Trent, of Williamson, W. Va., who will bring his bride to reside in Cincinnati.—Cincinnati Enquirer.

Goodyear Leadership— and Tires for Small Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$20.00
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag..... \$3.90

Friday, January 23, 1920.

The people want the Senate to confirm the peace treaty. They are tired of seeing such an important proposition prostituted by politicians. The Senate politicians are not fooling the people.

French politicians, like those of other countries, rejected Clemenceau for President regardless of the fact that he saved France in the great war just closed. France's President is elected by the Congress. It is the same story the world over. The man who rises to the greatest task and accomplishes it is set upon and rejected by envious and ungrateful beneficiaries. This action is a disgrace to France.

National prohibition is now in effect. Arrests in all cities have fallen away surprisingly. Reduction of police forces, and of courts and officers should be the next step so as to reduce expenses. The crime caused by liquor doubled the court facilities and there is no longer any need for supporting so many officers.

If the present administration in Kentucky wants to reduce the number of offices we suggest a reduction in the number of Circuit Court districts. Any one who looks into the matter will find that we have 25 per cent more of such courts than are needed. For instance, look at Johnson and Martin composing a circuit. Lawrence, Elliott and Carter another. Boyd and Knott another. Morgan, Magoffin and Wolfe. And it is just as bad in other parts of the State.

SO. SOLON, O.

Sarah Holtbrook and Cassie Hicks attended church Sunday.

Mrs. Wm. O'Brien has rented her farm to J. H. Hardwick, who recently returned from Beaver Creek. Mrs. O'Brien and sons, Vinson and Robert will leave soon for Cluehnnatt where they will reside. They take with them the good wishes of their many friends who regret to have them leave the community.
Mrs. Henry Boethe, Mrs. Jane Peters and daughter, Miss Briza, and Mr. R. E. Gibbs were business visitors in Louisa Monday.
Rev. B. C. Reid, of Ft. Gay, preached here Sunday morning and evening.
Rev. A. H. Miller will fill his appointment here Sunday, Jan. 25th. A cordial invitation to all to attend the services.

GRIFFITH CREEK

Mrs. Geo. W. Miller, who has been sick for some time with pneumonia, is getting better.
David Back is convalescent from a very severe case of lagrippe.
J. S. Walker has taken a contract of hauling coal for Andy New Coal Co. a Chattaroy wagon mine. He left today with several local teams for Chattaroy to begin his work.
Miss Jessie Vaughan, of Cherryville, spent the week end here the guest of her sister, Mrs. C. Victor Back.
Roscoe Pennington, who works at Gates, W. Va., paid home folks a visit through Sunday.
News is scarce but mud is plentiful. Our roads are almost impassable, which makes coal cost double and hauling of all kinds is done under difficulty. We all look forward to the time when we will have or be able to easily reach hard roads on high grade out of the creek where money and labor can never have a road regardless of how much is spent on them. MUTT.

Huntington Gas Company Allowed Increased Rates

Charleston, W. Va.—Order has been issued by the public service commission fixing the rates of the Huntington Gas & Development Company for gas furnished domestic and industrial consumers in Huntington and vicinity. The rates were fixed according to an agreement between the gas company and the protestants, and are effective January 1.
The rates in Huntington are: 2 cents a thousand for the first 150,000 cubic feet; 19 cents for the next 150,000 cubic feet; 17 cents for the next 2,000,000 cubic feet, and 16 cents for all over 3,000,000 cubic feet.
One cent discount is allowed for prompt payment.
The rates in Kenova and Ceredo in the county of Wayne, that portion of Cabell county without the corporation limits and lying west of Huntington the territory between Kenova and Ceredo and the territory between Ceredo and Kenova and the Big Sandy river are the following: 22 cents a thousand for the first 150,000 cubic feet; 19 cents for the next 150,000 cubic feet; and 17 cents for all over 3,000,000 cubic feet. A one-cent discount is allowed for prompt payment.
The rates being protested by consumers in Branchland, Lincoln county, and the territory between the county line of Lincoln, and the city of Huntington, hearing was set for January 30, by the commission.

Billiken Shoes

Are the Most Sensible and Economical for Children

they're built for practical service--and give it

Children like the roomy design of Billikens—there's full room for five toes—no pinching or crowding, for Billikens have never been known to hurt if properly fitted. There are no seams inside to chafe or bind the foot, and this smooth interior construction is a feature that is entirely lacking in most shoes for children.

Soles are Specially Constructed

One feature that appeals to the mother, is the thickness of the soles—this means longer service and fewer pairs to purchase. Flexibility is absolutely essential in footwear for children, and here again the Billiken excels. This flexibility is the result of special construction and carefully selected materials. Sturdiness and long service naturally follow such scientific fashioning, and Billikens are demanded wherever economy is a consideration.

There are Billikens for Children from six months to 14 years—and for young women who prefer low heels.

The prices range from \$2.75 for the smallest size up to \$7 in the sizes for women.

BIG SANDY NEWS

Friday, January 23, 1920.

Mrs. H. H. Hewlett and Miss Maude Hewlett were quite sick this week.

Mrs. John B. Vaughan is able to be out after an illness of several days.

The census of Louisa bids fair to reach the 2000 mark. The work is almost completed.

A revival meeting is being held in the court house. Rev. J. H. Marcum is in charge of the services.

Raymond, little son of John C. Hatch of Ashland, who has been very ill with pneumonia, is recovering.

Mr. and Mrs. Zeb Heston, who were at Nitro, W. Va., for some time, have returned to Louisa and will occupy the house they recently bought in lower Louisa.

A card from Mrs. Cynthia P. Stewart of this place who is spending the winter in Florida says she is having a very pleasant stay in Miami and that the climate there is delightful.

Geo. W. Hale and daughter, Mrs. John Hinkle, were in Prestonsburg last week to attend the funeral of Mrs. Hale's father, Jas. Melton, whose death occurred Jan. 15th. Mrs. Hale was unable to go on account of illness.

Mr. Bert L. Sparks and family have moved into W. L. Ferguson's house on Franklin street. Mr. Ferguson and family left the first of the week for Huntington where they will reside. They recently bought property there.

WANTED:—District Manager for Louisa and vicinity. Good proposition. Previous experience unnecessary. Free School of Instruction. Address: Massachusetts Bonding and Insurance Company, Accident and Health Department, Saginaw, Michigan. Capital \$1,500,000. 21-pd.

Geo. W. Chapman, formerly of Posters, has resigned his position as superintendent of the Hewitt Lumber Co. at Taplin, W. Va., and has accepted a more lucrative one with the Rockcastle Lumber Company as general superintendent. This is one of the largest operations in the State.

DRS. SPARKS AND HOLBROOK FORM PARTNERSHIP

Dr. H. H. Holbrook of Jenkins, Ky., came down on Wednesday of this week. He and Dr. Proctor Sparks have formed a partnership for the practice of medicine. Dr. Holbrook will do special work in diseases of the ear, nose and throat. He has had quite a lot of experience in surgery in the civil fields. Dr. Holbrook is a son of David Holbrook of this county. He will come to Louisa about the first of April.

G. W. CHAPMAN GOES TO ANOTHER LUMBER COMPANY

Mr. and Mrs. Geo. W. Chapman, formerly of this place, recently purchased the Loringwell property in Huntington on Fourth street, between Fifth and Sixth avenues, for \$8,000.00. Mr. Chapman has resigned his position with the Hewitt Lumber company to take effect February 1st, to accept a position with the Rockcastle Lumber company at Beth, W. Va. This is one of the largest saw mill operations in the State, being a double 8-foot band mill with all modern equipment and 23 mile standard gauge railroad. This mill has a capacity of 75,000 feet per day. We understand that Mr. Chapman takes Supt. Morgans place, who recently resigned.

BROMLEY'S SHOE REPAIR SHOP REMOVED

to a new building on his residence lot on Franklin street, one square east of the Postoffice and south of Riverview Hospital.

Here you will find a plant equipped with the latest machinery for doing all kinds of repair work on shoes in the best manner. Prompt attention given to all orders.

There was never before a time when it paid so well as now to keep shoes repaired. The high prices and scarcity of leather makes it a duty to get all the wear possible out of every pair of shoes. Nothing will do so much to bring down the price of new shoes.

Look up all your old shoes and let us put them into condition for more service. Our prices are very reasonable.

Rubber heels increase the comfort of walking. We will put them on for you.

JOHN BARLEYCORN'S FUNERAL SERMON IS PREACHED BY SUNDAY

Norfolk, Va., Jan. 16.—"Billy" Sunday preached John Barleycorn's funeral service here today before an audience of more than 16,000 persons who attended mock obsequies.

The ceremony began at the railroad where the "corpse" in a casket twenty feet long, arrived on a special train from Milwaukee.

Twenty pallbearers placed the casket on a truck and marched beside it through the streets to Sunday's tabernacle, while the Satchel Majestic trailed in deep mourning and anguish.

At the tabernacle door, Sunday met the "corpse" with a delighted grin and led the way to his resting place while he preached the sermon. The devil, wearing a mask, and stimulating a state of deep dejection, sat with the party of mourners.

"Goodbye, John," said the evangelist at the conclusion of his sermon. "You were God's worst enemy; you were hell's best friend. I loathe you with a perfect hatred. I love to hate you."

GIRL OF TEN HAS BEEN SMOKING EIGHT YEARS

Owensboro, Ky.—A Red Cross visiting nurse was astounded when a 10-year-old girl arose with a number of boys who rose when smokers were asked to stand up in a school classroom and admitted that she had been smoking "since she was 2 years old," was trying to hawk herself of the habit and smoked only two or three times a week now.

NOTICE

To all who have not secured a license and tag for their dog for 1920.

You had better secure same at once as grand jury court is near at hand, and the Sheriff is required to see that the law is enforced and he has himself liable to a fine if he does not.

Therefore, you are laying yourself liable to a fine of not to exceed \$100 and not to exceed thirty days in the county jail or both by not securing same. There are more than 1000 dogs in the county which have not been listed with the Clerk as shown by the Assessor's report and it is very easy for the Sheriff to find out from the records who have not secured license and tag and same will be placed before the grand jury; so you had better get busy and get your tag.

D. B. ADAMS, Clerk.

"VICTORY CHIMES" PLANNED

New York, January 20.—Every child in America will be asked to give at least one cent toward the erection in New York of a set of "victory chimes," which will ring out daily in reminder of the sacrifices made by Americans in the World War. It was announced today by the newly organized Victory Chimes and Carillon Association. The plans call for a series of 48 bells, one for each state in the Union. A forty-ninth bell, to be the largest bell in the world, would be sounded only upon the inauguration or death of a President of the United States.

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

BLAINE

Sam Moore, of Ohio, is visiting his mother, Mrs. Julia Moore. Clyde Fraley is on the sick list. Earl Vankirk and Lawrence Stewart have returned to their home at Charleston, W. Va., for a few days. RICHARDSON

Mrs. Billie Vaughan and daughter, Imogene, have returned home after a few days' visit with relatives at Heaver Creek. Mrs. G. C. Shepherd and children are visiting parents at Leon. Thaskell, the little son of Mr. and Mrs. Art Preston, is very ill at this writing. John Warnick is visiting parents here. Hiram Warnick is on sick list. Mrs. Wm. Vaughan spent the evening Friday with her mother, Aunt Jane Warnick. Miss Helen Small, of Harold, spent a few days last week with her aunt, Mrs. W. W. Wray. Miss Verla Dair is very ill with pneumonia at this writing. Lydia Belle Mullins and Elbert Bell were united in the holy bonds of matrimony Saturday evening by Rev. A. Preston. We wish them a long and happy life. Dr. W. W. Wray and J. W. Ekers attended the Masonic banquet at Louisa Wednesday night. Miss Rosa Cassell and typist Vaughan spent the evening Monday with Miss Alvin Cassell. Mack Crutcher has returned to his home in Louisa after a few days' visit with Charles Cassell. Aunt Burgess was calling on Miss Marie Holt, of Holt, Sunday. Moses Stepp, who has been working at Heaver Creek, has returned home. Mrs. John B. Preston, of Georges Creek, was shopping here Monday. Mrs. G. C. Shepherd spent the evening Sunday with Mrs. John Patton. Misses Eula Vaughan and Shirley Wray, Messrs. Walter Preston and Charles Cassell spent a pleasant afternoon with Miss Lucille Wallace Sunday.

SKAGGS

There has been so much rain here this winter and high water that our roads are almost impassable. As good roads have been billed for, we hope the proper authorities will take our roads out of the creek and place them on higher ground. It is a shame for our mail carriers to be forced to travel such roads. The law forces the mail to go, and there should be a decent road for them to travel. The social given by Mr. and Mrs. Rufus Skaggs Saturday night was a great success. Private Emel Sparks and Corporal Conard A. Ward, our soldier boys, were guests of honor. Among other invited guests were Emma Sparks, Grettie Holbrook, Mary Skaggs, Ethel Wheeler, Emory Holbrook, Lonnie C. Skaggs and Hubert Fyffe. Refreshments were served. Music that was pleasing to all present was made on fiddle, banjo and graphophone. Games and music continued till 12 o'clock, then all went home with thankful hearts for the good time they had. Mrs. Belle Ferguson, who has been quite sick is able to be out again. Leander Skaggs, of Terryville, is still very sick. Mrs. Peggie Lyon is still improving and it is hoped she will soon be well again. Mrs. Hulda Skaggs is quite sick. Work is now being pushed on oil well No. 2 on the Hargis Holbrook farm. Emory L. Holbrook has been accepted as assistant cashier at the Bank of Blaine. He is a model young man and we wish him well in his new vocation. Dr. Elbert Skaggs and family, of McRoberts, are visiting here. BLUE BELLS.

BREAKS A COLD IN JUST A FEW HOURS

"PAPE'S COLD COMPOUND" INSTANTLY RELIEVES STUFFINESS AND DISTRESS

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dizziness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known, and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

NORIS

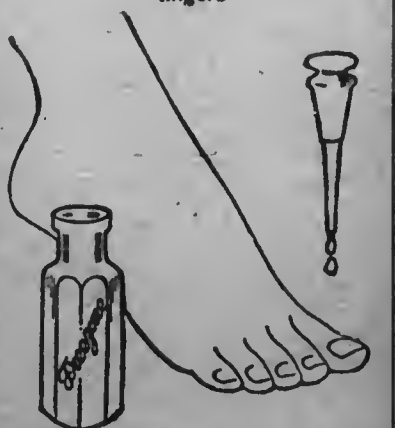

Church at this place Saturday and Sunday was largely attended. Robert Thompson has returned home from Earl, W. Va., where he has been working for some time. Misses Louverna Thompson and Helva Vanhoose were the dinner guests of Letisha McKinster Sunday. Clyde O'Bryan, of Van Lear, is visiting friends at this place. Graydon Thompson was calling here Saturday eve. Miss Mary Lee Thompson was visiting Belle Thompson Wednesday. Roy Moore was visiting Alva Spencer Sunday. Lonzo Estep passed up our creek Monday. Miss Delta Thompson and Julia McKinster were visiting Mrs. Nellie Clark Sunday evening. Clyde O'Bryan was calling on Letisha McKinster Sunday. Miss Tella Thompson was visiting home folks Sunday. Miss Delta Vanhoose will leave soon for Ohio, where she will spend a few months with her sister. We were all glad to see Alva Spencer return home from Earl, W. Va., where she has been visiting her sister Dovie Estep. Lindsey Thompson and Ray Judd attended church Sunday. Mr. G. V. Pack preached a very interesting sermon. TWO CHUMS.

FALLSBURG

Miss Grace Damron has begun winter school here. Dru Ekers made a business trip to Louisa last week. Damer Alley was in Fallsburg last Saturday. James Fugate was in Louisa last week. Three will be church here every second Sunday. BLUE-EYED GIRLS.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Great Things Planned For Famous Old Transylvania

College of Bible and Hamilton College Included in Kentucky Disciples' Forward Step to Enlarge the Equipment of these Noted Institutions of Learning at Lexington

For the maintenance of its rightful place, so long occupied among America's leading educational institutions, Lexington, Ky., is to unite with the Disciples of Christ of the State, and its thousands of friends throughout the country, in a vigorous campaign for the imperative enlargement of its equipment and for an adequate compensation of its faculty.

Transylvania, the Pioneer College of the West, 1785

Miss Barker.

tion field, and Hamilton College, the Junior College for Women, will share in this campaign, which is to be conducted as a part of the Inter-church World Movement.

Up to the time of the starting of the Inter-church World Movement financial drive, Transylvania and its friends will conduct a campaign of education.

In order that the urgent needs of these institutions may be so well understood that everyone will be glad of the opportunity of sharing in their support.

One of the first needs of the institution is a fire-proof building to house its priceless

library, worth more than a hundred thousand dollars, and which if destroyed by fire could not be replaced. Another aim is the increase of the salaries of the professors to a living standard, making it possible to hold the present faculty, and to command the very best available material for increasing its teaching force. Another aim is the continuance of the progressive policies so long maintained by this historic college.

Many other first rank colleges throughout the country have already taken steps to avert a crisis in educational affairs. With the increased cost of everything, it is absolutely impossible for institutions of learning to exist on the basis of former support.

There is also a widespread conviction of the necessity of the maintenance of the college under distinctive Christian influences. An investigation made a few years ago revealed these significant facts:

Eight of the nine Justices of the Supreme Court of the United States were college men; seven of the eight were educated in Christian colleges. Eighteen of the twenty-five Presidents of the United States were college men; sixteen of the eighteen were from Christian colleges.

Eighteen of the twenty-six recognized masters in American letters were college men; seventeen of the eighteen were from Christian colleges. Of the members of Congress in 1905, who had received a college education, and who were a product of Transylvania, achievements gave them a place in "Who's Who in America," two-thirds were graduates of church colleges.

Transylvania and the College of the Bible have educated one president, two vice-presidents, the president of the Southern Confederacy; also secretaries of state, a treasury, post master-general, attorney general; scores of United States senators and congressmen; a speaker of the House; ministers to many foreign countries; governors of a large number of states; mayors of large cities; authors of national and international reputation; physicians and surgeons of world-wide fame; and thousands of ministers and missionaries of the Christian religion.

Dr. Richard H. Collins, the historian of Kentucky, characterizes its graduates "as statesmen, jurists, orators, surgeons, and divines among the greatest in the world's history—men of mark in all the professions and callings of life."

John Fox Jr., noted author, another Transylvanian.

Various Causes for this Common Affliction.

Anemia or Bloodlessness a Very Common Cause.

Pepto-Mangan Overcomes Anemia and Tends to Prevent Headaches.

When one has an occasional headache it is usually due to some transient or passing cause, such as indigestion, over-exhaustion, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and those whose occupations or habits of life keep them too much indoors. The one important necessity in such cases is to build up the quantity and quality of the weak and watery blood. Gude's Pepto-Mangan is exceptionally valuable for this purpose. It increases the number and improves the quality of the red blood cells, those vital little bodies which carry nutrition to all parts of the body. It improves the appetite, imparts color to the face, and restores health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear. If they are due to Anemia, Pepto-Mangan may be had either in liquid or tablet form, as preferred. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. —Advertisement.

FERGUSON, W. VA.

Business is booming in this vicinity, mining and timbering.

Mrs. E. G. Brown has returned to her home at Portsmouth, Ohio, after an extended visit with her parents, Mr. and Mrs. W. D. Lycans. She was accompanied by her sister, Miss Ardith Lycans.

Mrs. Link Ferguson was visiting her daughter, Mrs. J. L. Lycans one day this week.

Mrs. Fred Thompson, of Clifford, Ky., is a pleasant guest of Mr. and Mrs. Walter Thompson.

Mrs. Walter Thompson gave a party Saturday night, an old fashioned bean hulling. Refreshments were served.

William Lycans killed a fine red fox last week.

Paul Lycans has whooping cough.

Elba Stillner was at Mr. and Mrs. John Lycans Sunday. WHISKERS.

Don't carry your business grouch into your home. It's like taking muddy feet into a Chippendale drawing room. This advice doesn't preclude a sane discussion of business troubles, for no man is above gleaming an unlooked for suggestion of value from the woman who keeps his household expenses properly within the limits of his income. For the same reason he has no right to come home disgruntled, throwing everything into a state of confusion, which his wife has to put in order after her day's work. He would not expect his business partner to bring him his unfinished work at the close of the day. Besides, the amount of energy expended in blowing off steam would fix the cause of the grouch so that it would never stick its head above board again.

WHY IS A HEADACHE?

Various Causes for this Common Affliction.

Anemia or Bloodlessness a Very Common Cause.

Pepto-Mangan Overcomes Anemia and Tends to Prevent Headaches.

When one has an occasional headache it is usually due to some transient or passing cause, such as indigestion, over-exhaustion, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and those whose occupations or habits of life keep them too much indoors. The one important necessity in such cases is to build up the quantity and quality of the weak and watery blood. Gude's Pepto-Mangan is exceptionally valuable for this purpose. It increases the number and improves the quality of the red blood cells, those vital little bodies which carry nutrition to all parts of the body. It improves the appetite, imparts color to the face, and restores health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear. If they are due to Anemia, Pepto-Mangan may be had either in liquid or tablet form, as preferred. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. —Advertisement.

Don't carry your business grouch into your home. It's like taking muddy feet into a Chippendale drawing room. This advice doesn't preclude a sane discussion of business troubles, for no man is above gleaming an unlooked for suggestion of value from the woman who keeps his household expenses properly within the limits of his income. For the same reason he has no right to come home disgruntled, throwing everything into a state of confusion, which his wife has to put in order after her day's work. He would not expect his business partner to bring him his unfinished work at the close of the day. Besides, the amount of energy expended in blowing off steam would fix the cause of the grouch so that it would never stick its head above board again.

A RICKETY CHILD

A child with rickets is under-nourished, the bones soft and their growth irregular. A rickety child is very susceptible to colds, coughs and more serious complications and particularly needs a rich bone and body-building food.

SCOTT'S EMULSION

containing nourishing Norwegian cod-liver oil and the bone-strengthening lime salts, is the ideal constructive food for a weak child of any age. A rickety child should be given Scott's Emulsion three or four times daily for a long time. It never fails to nourish and strengthen. Ask for Scott's!

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "E. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed.

LOVE YOUR JOB.

Are you trying to climb where the chosen are?

Where the feet of men are few, Do you long for a "job that is worth one's while?"

Well, here is a thought for you: The pots of gold at the rainbow's end Are sought by the teeming mob, But the fairies who guard them choose as friend

The man who loves his job.

No matter what grip of hand he has— How poor or strong his brain, There's always a place for the man who loves

His work with might and main; Does he dig a ditch or blaze a trail? Where the dreams of man may run? No clouds of earth shall shroud him From his place out in the sun!

It isn't the kink, it's not the pull, That brings the strong man out; But it's long time work and it's all time will.

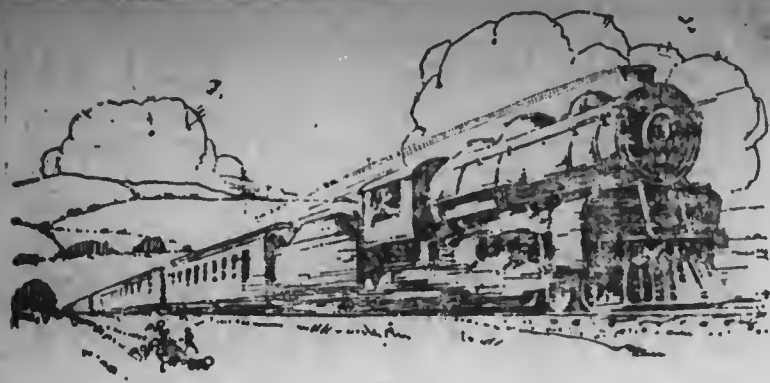

And a cheerful heart and shout! Have you faith in yourself? Do you want to win?

There's just one thing can bring you in With the winners—love your job!

VOLUNTEERS NEEDED.

A superficial observer of Uncle Sam's Republic during the last few months might be inclined to doubt our much boasted patriotism. Sometimes it does look as though we are going pretty far afield with all our strikes, our reckless spending and our recently acquired aversion to work. The last named evil is really the root of the whole trouble, and the remedy lies in educating the people to a knowledge of the harm they are doing. It is not possible for the same man who so bravely faced the fury of the Hun in Europe would return and knowingly inflict peril on the very country he fought for. Nor would the mothers, fathers, wives and sisters want the work of their dead ones on the battlefield to come to naught simply because they themselves are averse to work. That is exactly what is happening, but the great majority of American people do not realize that the very life-blood of this country so dear to their hearts, is being drained by their own thoughtlessness and selfishness.

What we need now is an army of volunteers who will pledge themselves to fight

Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and pleasures of the modern life. Upon it the world must depend for the process of reconstruction in which all have to share.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

PRESTONSBURG

Passes Away.

On Thursday morning, January 15, 1920, death entered the home of Hon. W. T. Mellon, one of the most respected citizens of Prestonsburg, and took him to the great beyond. His serious illness was not generally known and it was a great surprise when the news was spread early Thursday morning that the end had come.

Mr. Mellon's father was Patrick Mellon, who came and settled in this county below Prestonsburg, from Ireland in the year of 1845. Mr. Mellon was born in 1838, and was nearly 81 years of age. Early in life he learned the carpenter's trade, and his handiwork is seen in nearly every house of note in Prestonsburg. He retired from active work about ten years ago. He was police judge of the city of Prestonsburg for a good many terms of office, and in all occupied this office for about 29 years. He was a Confederate veteran in the Civil war.

Both his father and mother came from Ireland. Mr. Mellon married the daughter of James J. Hamilton, a respected farmer, who had lived for many years on Middle creek, and left a large family of children. Mr. Mellon's widow, therefore, is widely respected in this county.

Mr. Mellon leaves his widow, Mrs. Bannor; James Mellon, Jr., C. Mellon, Lena Mellon; W. T. Mellon, Jr., of Henry Mellon, J. H. Mellon and Lucille Hake, of Louisville, and three daughters, Mrs. J. W. Nunnery, Mrs. F. H. Byer and Mrs. G. W. Vance are dear.

Methodist Church.

The Rev. P. S. Politt, D. D., of Huntington, W. Va., preached at the Methodist Church Sunday.

Revival Meeting.

There is a great revival going on at the Presbyterian church. The house is full every night and more seats have been added to accommodate the crowd. The evangelist, Dr. Price is a great preacher and has won the heart of the people of the town by his message of love and warning.
